

Dear PGUSD parents and guardians,  
Registration for the 2024-25 school year will officially open on May 1, 2024.  
At that time, you can log into your **Synergy ParentVUE** portal and complete online registration.

All current parents/guardians should have a Synergy ParentVUE account on record. **Only one** parent/guardian per household - the enrolling parent/guardian - completes and submits an online registration form for each child in the household through the ParentVUE Online Registration Portal. We encourage you to confirm your ParentVUE access before online registration opens.

### **Registration Approval Process**

As part of online registration, you are required to upload copies of several important documents. In addition to providing **current proof of residency**, other required documents may include **immunization records, and/or student transcripts**.

The online registration forms will be reviewed and approved by the school's front office staff as they are submitted. ***We ask that you complete and submit online registration promptly.*** This will give the office staff time to process/approve your forms and contact you if there are any questions before the end of this school year.

For more information regarding the online registration process or **Synergy ParentVUE**, please visit our [Synergy ParentVUE Help Page](#).

We look forward to another successful school year for you and your students at PGUSD!

Sincerely,  
PGUSD Administration
